Suryansh Srivastava
SOFTWARE DEVELOPMENT ENGINEER

Recent Computer Science graduate passionate about leveraging technical expertise to develop innovative software solutions. Adept at collaborating within dynamic teams to drive continuous improvement and achieve impactful results. Seeking opportunities to apply my knowledge and skills in a challenging and growth-oriented role.

🚀 Projects

LAMEZZ - The Text-Based Social App

- Developed a scalable social media app backend using Java and integrated Firebase for real-time data storage and retrieval.
- Implemented robust authentication and profile management within the app.
- Designed features for posts, like counts, and real-time updates, ensuring a seamless user experience.

TAZON - E-Commerce Platform for Industries

- Built a responsive e-commerce platform using React JS and Bootstrap for the front-end.
- Developed a scalable backend with Spring Boot and integrated a secure payment gateway.

TanGPT - Your personal AI Chatbot App

- Designed a lightweight AI-powered chatbot app with Kotlin and Jetpack Compose.
- Integrated API-based message handling with intuitive color-coded UI for improved usability.
- Developed a highly efficient, device-friendly application suitable for diverse users.

Weathera - The Weather App

- Provided real-time weather updates.
- Used APIs to fetch weather data.
- Implemented user-friendly interface and interactive features.

🎓 Educational Background

Poornima University

Bachelor of Technology (2022 - 2026)
Computer Science
Current SGPA: 9.0

Class XII, CBSE Board(2021–2022)

Secured 78%

⚙️ Skills

Technical Skills

- Proficient in Java programming.
- Android application development
- Spring Boot and RESTful APIs.
- Full-stack web development.
- Experienced with React Native.
- Experienced in machine learning, cloud computing, Kotlin, and Jetpack Compose.
- Proficient in SQL.

Tools/Software

- Knowledgeable in Apache Kafka.
- Skilled in Git and GitHub.
- Expertise in designing and consuming REST APIs.
- Knowledgeable with Docker.
- Experienced in Android SDK.

Certifications/Acheivements

- Earned multiple badges and certifications on HackerRank, showcasing proficiency in programming languages.
- NPTEL Certification in Programming in Java – IIT Kharagpur.
- Solved 400+ coding challenges on LeetCode, showcasing strong analytical and problem-solving abilities
- Ranked 5th among peers at GeeksforGeeks University leaderboard.

Additional Information

- Strong understanding of the Software Development Life Cycle (SDLC).
- Demonstrated leadership in project management.
- Effective teamwork and collaboration.
- Quick adaptability to changing environments.
- Excellent communication skills.
- Proven leadership qualities.
- Strong critical thinking capabilities.
- Exceptional interpersonal skills.
